

Girls! Lots of Beautiful Hair

A small bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowledge's Danderine now—it costs but a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness, an incomparable gloss and luster, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff, and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a comb with a little Danderine and carefully draw it through your hair—taking one small strand at a time—your hair will be soft, clean, and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

NUXATED IRON

To help make strong, keen, red-blooded Americans, there is nothing in my experience which I have found as valuable as organic iron—Nuxated Iron," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, Nuxated Iron often increases the strength and endurance of weak, nervous, run-down people in two weeks' time. It is now being used by over three million people annually, including such men as Gen. Leslie M. Shaw, formerly Sec-

try of the Treasury and ex-Governor of Iowa; former U. S. Senator and Vice-Presidential nominee, Charles A. Towne; General John H. Clegg (Retired), the drummer boy of Shiloh, who was sergeant in the United States Army when only 12 years of age; also United States Judge J. W. Atkinson, and others. Nuxated Iron is dispensed by all good druggists everywhere.

LT. SHEEHAN DIES LEADING CHARGE

LIEUT. WILLIAM F. SHEEHAN.

Charging far in advance of his company, First Lieut. William A. Sheehan, Washington soldier, fell on the field of battle, September 29, in machine gun bullet through his heart.

The last word on his lips was "Mother."

Lieutenant Sheehan is the son of Mrs. Endora Sheehan of the Westchester Apartments, Fifteenth and O streets northwest. He was an officer in the 310th Infantry, a Camp Meade unit.

Capt. F. H. McClintock, who was just behind Lieutenant Sheehan when he saw the officer whirl around under the impact of the bullet, and who picked him up and carried him back after the attack had succeeded, writes a tribute to Lieutenant Sheehan to his mother.

"For four nights and three days we pushed forward, through heavy machine gun and artillery resistance; through mud and rain; without water or food," said Captain McClintock. "On the afternoon of the third day our steady advance was checked in a dense forest. We launched two attacks against these woods. In both attacks Lieutenant Sheehan was in the front line with his men.

"That night we slept right where we were, in the mud and pouring rain," Captain McClintock continued. "The next morning we were all completely exhausted, and on the point of breaking down. I say 'all,' but there was one exception, one who was imbued with energy, one who had a quick smile and a cheering word—Lieutenant Sheehan. I shall never be able to decide from what source he drew his strength and spirit.

"Without his aid I doubt if I would ever have been able to reform my company for the attack on the woods. The attack started, though our zeal, our enthusiasm or what not my company, which was third in line, found itself mixed with the first line company. Lieutenant Sheehan was in advance of us all. The machine gun and artillery resistance we met with was terrific. We were again thrown back, but eventually the attack succeeded and we swept the Germans back. However, Lieutenant Sheehan had fallen, a machine gun bullet through his heart. The last word on his lips was 'Mother!'"

THREE ARE INJURED IN DEMONSTRATION

Four persons today are suffering from injuries received in traffic accidents yesterday.

Miss C. S. Smith, of Pelham Court, and Miss Marie Stevens, of 302 Rhode Island avenue northwest, while riding on a truck in the peace demonstration, lost their balance and fell to the street. They were treated at the Emergency Hospital.

Miss Julia Cavannah, thirty-four years old, of the New Berne Apartments, while crossing the street at Fourteenth and Massachusetts avenue northwest, was knocked down by an automobile operated by William C. Palmer, of 1617 Longfellow street northwest. She was removed to Emergency Hospital, suffering from concussion of the brain and internal injuries.

While walking through Soldiers Home grounds yesterday Henry J. Hooker, 68 years old, an inmate of the home, was knocked down by an automobile driven by Frank Weinberger, of Terra Cotta, D. C., and injured about the face and right leg.

JOB FOR NEGRO TROOPS

Furloughs lasting for a period of six months are to be granted to limited service colored men, if agreeable, for them to work on projects principally at Camp Knox, Camp Johnson, and at ordnance supply depots under supervision of the construction division, according to an announcement by the War Department.

Men will be sent only on their own free will, and are to receive current wages, with suitable living accommodations and hospital facilities provided for them at the projects to which they are assigned.

Editorial

It was our luck, one time, to stand at the foot of a mountain when one of those mammoth snowballs came crashing down the side, picking up huge boulders, trees and log cabins that happened to be in its path.

It was hard to realize that up near the peak that tremendous ball was once only about as large as one's fist.

A few days ago a woman came to us with a tale of dissension that had arisen from some misunderstanding. To her the grievance was as large as the charging snowball. But, upon tracing it back we found it had had a very small beginning. It had gathered importance in her mind with continuous thinking just as the small bunch of snow gathered weight once it was started.

Let's stamp out small misunderstandings before they become overgrown.
